A Noise Within offers closed captioning at select performances via GalaPro

PASADENA, Calif (May 9, 2024) — **A Noise Within** is delighted to be the first regional theater in Southern California to offer access to closed captioning at select performances using **GalaPro**.

The GalaPro app (available on iOS and Android devices) provides closed captions for patrons to view on their own mobile devices. GalaPro operates on a closed internal network via “airplane mode,” preventing sounds, texts and emails from disturbing other patrons during use.

The service was rolled out at A Noise Within during closing weekend of the company’s most recent production, *King Hedley II*. Audience member **Virlyn Grant**, who lives with hearing loss, was able to give it try.

“GalaPro is outstanding,” Grant says. “I didn’t miss a minute of the show.”

GalaPro is available at A Noise Within thanks to funding from the **Perenchio Foundation**. Audiences will be able to experience GalaPro during performances of *Misalliance* on **Saturday, June 8 at 8 p.m.** and **Sunday, June 9 at 2 p.m.**

For more information and to download the GalaPro app, go to anoisewithin.org/galapro/
